Data & Methodology

How The Data In This Report Was Calculated.

METHODOLOGY

This report includes totalling 8,916 data points from 13 measures, collected from 1 public sources (described below). We also estimated 8,892 data points based on our [estimation and projection methodology](#).

Some of the summary data included in the report may not include suppressed data. Data suppression occurs in cases where private, identifying information would be disclosed. In most cases, this does not impact the total values presented in the report, but in cases where there are small industries or areas, data suppressions may reduce the accuracy of the data we can display.
